Following the lead of the Pennsylvania and New York Central, every great railroad system will, it is said, raise the wages of its employees. President Taft, of the Illinois Four, says that he does not anticipate any increase in freight rates as a consequence.

Farmers at Moditt, O., tried to lynch a man accused of criminal assault on a widow. He was rescued by the Marshal, who was unable, however, to prevent the enraged citizens stoning the culprit and riding him on a rail.

An ordinance was introduced in the General Council to give the Louisville and Prospect Electric Railway the right of way into the city along Third avenue. The company proposes to operate the line by March 1.

Dr. Ellis Duncan was refused bail in Pittsburg. Bruce Head's physician said he was rapidly recovering, but the judges, hinting at the danger of encephalitis, refused bail until the wound had entirely healed.

Upon the suggestion of the retiring president, Mr. Frank G. Snyder, some members of the Executive Committee were elected to serve longer terms than others in order that there may always be members familiar with the work.

Motions by Auditor's agents to assess the Chicago, St. Louis and New Orleans Railroad Company, and also the city of Cincinnati as owner of the Cincinnati Southern railroad, for franchise taxation, were made at Frankfort. The motions will be considered early in December by the State Board of Valuation.

Gov. Durbin is reported to have demanded the resignation of John S. McDonald as a member of the Indiana Prison Board of Managers, and the demand, it is said, was promptly refused. The Governor's reasons are based on the recent reelection of Joseph H. Myers to succeed Superintendent Hart.

At E. L. Horton, R. D. Stone, E. A. Young, A. M. Hughes, Jr., son of the American Minister to Guatemala, yesterday shot and killed William Fitzgerald, a former resident of Michigan, at Guatemala City. The latest advices received

at Washington are to the effect that a mob was surrounding the American legation, where young Hunter had taken refuge. Hunter was accompanied by J. G. Halley, secretary of the American legation, at the time of the shooting. He shot Fitzgerald four times. Important details are lacking in the reports received at the State Department in Washington, but it is believed that Fitzgerald was in some way connected with the charges recently filed against Mr. W. Godfrey Hunter, which resulted in his removal from office.

The American Federation of Labor convention at New Orleans yesterday put in its time discussing conflict of claims of jurisdiction among various union organizations. The various disputes were referred to special committees. The convention will elect officers today and it is expected that all the present executive officers will be re-elected. McChord, chairman of the State Railroad Commission, has received from the Interstate Commerce Commission the response of the railroad companies to the complaint of the Kentucky commissioners. ### NOVEMBER 24.

The latest advices concerning the shooting of William Fitzgerald by W. Godfrey Hunter, Jr., at Guatemala City, indicate that there may be a scandal at the bottom of the tragedy. The State Department is cautious in giving out information, but it appears that Fitzgerald and young Hunter had been bitter enemies for several years. Reports from the scene of the killing are conflicting. Consul General McNally in his statement to the department says Fitzgerald was shot in the back and that it was a cold-blooded murder. Minister Hunter avers that Fitzgerald started the trouble by striking his son and intimates that he and his official family are the victims of a conspiracy. Sympathy is expressed at Washington for Minister Hunter, as it is generally believed that the Minister had been the victim of a series of persecutions on the part of Fitzgerald.

The Controller of the Treasury

holds that the State of Kentucky is entitled to the sum of \$1,255,236.35, money paid in loans and other expenses incurred in procuring funds to suppress the war of the rebellion. The sum is only \$26,141 less than that allowed by the Auditor of the War Department.

Is the only harmless cough cure that gives quick relief. Cures Coughs, Colds, Croup, Whooping Cough, Pneumonia, Asthma, La Grippe and all Throat, Chest and Lung troubles. The first bottle brought relief; several cured me. I am back to my old weight, 115 lbs. One Minute Cough Cure cures the phlegm, relieves the cough at once, draws out inflammation, cures croup. Obituary.

With melancholy feelings and sad regrets we announce the death of William Taylor, wife of Ed Taylor, October 25, 1902.

She leaves a little babe, Harrie, only three weeks old. All was done that loving hands and medical aid could do to relieve her from suffering, but it was in vain.

She called her friends and relatives to her bedside and made them promise to meet her in heaven, and told them she was not afraid to die. Now know her but to love her, now named her but to praise her. She had much to endure her life. She sang until the last breath left her.

"My heavenly home is bright and fair, No pain nor death can enter there."

Cure of Pile After 40 Years.

Mr. C. Hane, of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. He wrote: "I wish Hazel Salvo cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. The Louisville Drug Co., J. D. Biggs, Mgr."

It Was Dear.

An editor has been inspired, after looking over his list of delinquent subscribers, to compose the following to the tune of "Old Daken Bicket":

"How dear to our hearts is the old silver dollar.

When some kind subscriber presents it to her.

The liberty bond without necktie or collar.

And all the strange things which seem to us so new;

The wide-spread eagle, the arrows below it.

The stars and the words with the strange things they tell.

The coin of our fathers, we're glad that we know it.

For some time or other 'twill come in right well.

The spread-eagle dollar, the star-spangled dollar.

The old silver dollar we'll love so well."

### Whitewash As Good As Paint.

The Washington Government whitewash is made as follows: Take a half-bushel of unslaked lime, shake it with boiling water, cover during the process to keep in the steam, strain the liquid through a fine sieve or strainer, and add to it a peck of salt, previously dissolved in warm water; three pounds of ground rice boiled to a thin paste and stirred in while hot; half a pound of Spanish whiting and one pound of clean glue, previously dissolved by soaking in a cold water, add then, long over a small fire in a small pot, long in a larger one filled with water. Add five gallons of hot water to the mixture, stir well and let it stand a few days, covered with dirt. It should be applied hot, for which purpose it can be kept in a portable furnace.

The east end of the President's house in Washington is embellished by this brilliant whitewash. It is used by the Government to whitewash lighthouses. A pint of this wash mixture, if properly applied, will cover a square yard, and will be almost as serviceable as paint for wood, brick or stone, and is much cheaper than the cheapest paint.

"In Mr. Hopkins, the people of the Big Sandy Valley will have an able representative, anxious to work for the betterment of their condition, and while he will go to his work with a vim, yet, alone, he cannot accomplish anything. Congress must be given to understand that the people of Big Sandy want slackwater, the people must manifest an interest in the move by rendering their Congressman every assistance possible. A delegation of representative business men from each town in the Valley should be sent to Washington when the matter of appropriation for Big Sandy River comes before Congress, the local Improvement Associations in the Valley should begin work at once and no grass should be permitted to grow under their feet until the much needed appropriation is secured, and until our fair Valley has a system of slackwater second to none in the world."—Paintsville Leader.

What is worst needed, is for the various counties of the valley to take proper interest in the Big Sandy River Improvement Association. Only two or three out of the eight counties interested have ever done this. Delegations from each town can do more good by attending annual meetings of the Improvement Association and paying the dues assessed against their respective counties than by going to Washington. We speak from experience and close association with the work for several years.

A FACT ABOUT THE "BLUES"  
What is known as the "Blues" is seldom occasioned by actual existing external conditions, but in the great majority of cases by a disordered liver.

THIS IS A FACT which may be demonstrated by trying a course of

Tutt's Pills

They control and regulate the liver. They bring hope and buoyancy to the mind. They bring health and elasticity to the body.

It was bright like molten iron, the flash of light was like lightning, but lasted longer and the light disappeared the noise came like thunder and there seemed to be two explosions. Some claimed that it struck the ground above town and was as big as a barrel, others placed it as large as a house and all agree that it had a great tail. Some thought the judgment day had come.

## INEZ.

Clean up our streets and make us happy.

W. T. Mead and wife of Warfield, visited here Monday.

Miss Gertrude Cassidy has returned from a visit to Louisa friends.

Mr. W. S. Carter, of Huntington, W. Va., is here in the interest of the West Virginia and Kentucky Railroad.

Our old friend and teacher J. C. Justice, of Milo, visited friends here this week.

Rev. R. H. Givon of the M. E. Church South, preached a splendid sermon in his church Sunday evening.

Why don't the citizens of Boyd, Lawrence, Martin and Pike all make one solid pull together for the common good and have the railroad begun by midwinter. Brethren, this is not putting it too strong. We can do it.

John A. Polphrey is erecting a new saw and grist mill in the city, which is a much needed enterprise.

We have a few jackasses in Martin county which we would be glad to exchange for an iron horse. What do you say, Mr. Carter?

County claims in Martin county are now worth one hundred cents on the dollar for the first time in years. We have a pair of Johns for Sheriffs that get the money and put it in the right place.

A man told us the other day that the railroad was just as close to him as he wanted it, as it would destroy his sleep thundering by him in the night. Provisions will be made for your special benefit, brother. The great Jehovah made an emergency clause for men of your type and surely the railroad will do the same.

The city dais are looking up a suitable man for Town Marshall to fill the place made vacant by the resignation of Charley Smith. We would advise them to use great precaution in their selection.

Lucas has the finest sand on the face of the earth out of which to make glass, and we will make it too, if the Kentucky & West Virginia Railroad Co. just has enough of a similar material in their craws to give us a road, and we think they have it.

Lucas can have one of the largest hardwood manufacturing in the United States. If we have a railroad.

Mr. Bruce said when he completed the survey to the head of the Rockcastle Valley that he was surprised at it being so level. There are a good number of pleasant surprises like this for a road from Ashland to the famous Elk-horn coal fields. One of these is that it is seventeen miles nearer than any other route and another is that it runs through a country wholly undeveloped and for 150 miles will top the very richest coal and timber land in the Big Sandy Valley.

Something should be done to im-  
prove the crossings from A. J.  
Garrett's to Mrs. Halcher's and  
from the depot to Mrs. Sweetman's.  
It is just as easy to maintain good  
crossings there as at the intersec-  
tion of Main and Main Cross  
streets.

The pump at Sullivan's corner is  
suffering from one of its too fre-  
quent attacks of disability. A  
sonnet pump at that point has be-  
come a necessity, and the present  
useless bundle of metal should be  
sold to the junk man, and a first  
class, reliable pump put in its  
place.

G. V. Meek.

The young girls of the Epworth  
League acquitted themselves very  
well indeed at last Sunday's meet-  
ing. Several of them had short  
readings bearing upon the subject  
of the evening, and their voice and  
manner showed careful study and  
training. Exercises of this kind do  
much to give young people self-  
possession and render them less  
self-conscious. The meetings are  
increasing in attendance and in-  
terest.

"Hello Sam, what you gwine?"  
To G. V. Meek's Cheap Cash  
Store, in case!  
"Let I kin guess' what you're  
after." "Well, guess!"  
"Your pair shoes all solid leather?"  
"Yes!" "Two suits underwear that'll  
last two years?" "Yes!" "Big suit  
clothes that'll last forever and turn  
to a steamboat?" "Yes!"  
"Well, you're the goshenest nig-  
ger I ever saw, so meet me at  
Meek's store."

We have not heard of any re-  
cent cases of sickness among the  
pupils of the public school. Re-  
ferring to an article in a former is-  
sue of the News about the water  
supply at the school, we remark  
that we learn that the pupils get  
their drinking water from a spring  
near the roadside opposite Meek's  
store. The spring is too shallow  
to be entirely pure, and is liable to  
contamination from the outside.  
The water in the well in the yard  
is utterly unfit for use, and, so we  
are told, is not used for drinking.

Lexington leaders—Henry H.  
Snyder, who has recently become  
a member of the Lexington bar,  
has been engaged to deliver a  
special course of lectures on in-  
surance to the law class of Central  
University. Mr. Snyder, who is a  
native of Lawrence County, Ky.,  
was graduated from Central college  
and attended the law departments  
of Columbia and Yale, receiving  
his degree from the latter insti-  
tution. After leaving Yale he spent  
two years with a leading law firm  
of Worcester, Mass., which makes  
a specialty of insurance law, and  
the experience he acquired there,  
especially his firm for the course  
of lectures he will deliver to the  
students of his alma mater. In  
view of the fact that such men as  
Professor Knott, R. P. Jacobs and  
John W. Verkes are among the  
lecturers in the law department of  
Central University, the invitation to  
Mr. Snyder is highly complimentary  
to him. The law class this  
year is said to be unusually large.

## Annual River Meeting.

The fourth annual meeting of  
The Big Sandy River Improve-  
ment Association is hereby called  
to convene in the opera house at  
Catlettsburg, Ky., Friday, Nov.  
28th, at 10 a. m. All the Auxiliary  
Associations and committees inter-  
ested are urged to hold meetings at  
once and select delegates to this  
meeting. It is earnestly urged that  
such delegates be selected as are  
certain to attend.

Each county Auxiliary is en-  
titled to the votes in all meetings  
of the general Association but the  
number of delegates who will be  
seated is not so limited. We hope  
to have several from Congressmen  
and U. S. Senators with us in this  
meeting, and an interesting pro-  
gram will be arranged. The  
work of the Association is of too  
much importance to be neglected,  
and every citizen of the valley  
and contiguous territory should  
manifest an interest in it. Turn  
out and help make this meeting a  
record-breaker, both in point of  
number and enthusiasm.

JAY H. NORTHUP, Pres.  
B. RANDOLPH BISS, Sec.

## Another Railroad.

The Cretio Advance says:—  
It is now thought that the Cin-  
cinnati, Hamilton, Dayton Rail-  
road will enter the rich valley of  
the Big Sandy. In all probability  
it is after the big coal fields of  
Wayne, Logan and Wyoming  
counties. There is no doubt but  
that this country is destined to be  
one of the richest in the State.  
In speaking along this line the  
Huntington Advertiser says:  
"The Big Sandy, East Lynn &  
Guyana as surveyed through Wayne  
county, taps rich coal deposits  
there sufficient to induce in-  
vestors to build a road that  
has its own line to the manufac-  
turing towns of western Ohio, and  
to the great lakes, but the projected  
extension of the road to the yet  
richer coal deposits along the upper  
waters of the Guyandotte river,  
offers even greater inducements."

This section of West Virginia is  
today, along with the valley  
of the Big Sandy, the richest  
undeveloped territory, in all  
mineral resources, in the United  
States, and a fortune awaits the  
men who enters it with capital  
sufficient to properly develop the  
natural resources, and also the rail-  
road company that carries them to  
the outside world.

Postmaster A. M. Hughes has  
obtained permission from the Rail-  
way Mail Service officials to put  
into effect an arrangement that  
will greatly improve our mail ser-  
vice. The changes went into effect  
Wednesday. A special pouch is  
now made up every morning in  
the Louisa office for Cincinnati  
train No. 3, which passes Catletts-  
burg a few minutes after the ar-  
rival of the Big Sandy train from  
this place. This puts our mail into  
Cincinnati at 11:15 a. m., instead  
of 5:15 p. m., enabling us to post a  
letter here one morning and re-  
ceive an answer from Cincinnati  
the next. The other change re-  
ferred to permits the Louisa post-  
master to send to Catlettsburg on  
the morning train all mail that he  
may have for all points between  
here and that place. The Catletts-  
burg office will then send it back  
to its destination on the train which  
comes up a little later, and which  
carries a mail clerk and handles  
"way" mail. This puts our mail to  
all-burg and some other points a  
day sooner, and to all other places  
along the line at least half a day  
earlier.

## OUR NEIGHBORS.

County Attorney James Burns,  
of Catlettsburg, and Miss Marg-  
aret Donaldson, of Ashland, were  
married in Cincinnati this week.

George Wells, of Lloyd county,  
and Miss Virgie Ferguson, of  
Wayne county, were married at  
Catlettsburg, Nov. 2, Meek officiat-  
ing.

George Williams was crushed to  
death by a rock falling on him at  
Berry's quarry, near Olive Hill,  
Saturday. He was married and  
leaves a large family.

George Wells, age 23, of Chapel  
Station, Lloyd county, and Miss  
Virgie Ferguson of Wayne county,  
were married here, Rev. Z. Meek  
officiating.—Catlettsburg Press.

George Robinson and Miss Sallie  
Martin, both residents of Floyd  
county, were united in marriage at  
Ironton, Thursday evening of last  
week, at the Probate Judge's office  
by Squire W. D. Henry.

The Planing Mill at Normal,  
owned and operated by J. W. Ma-  
han and Dr. Silas Patton, was sold  
last Saturday to Meek & Spear of  
Pittsburg, the new company tak-  
ing charge the first of January.

Mrs. James Sturgill, who has  
been in Klondike with her sons for  
the past three years, returned here  
yesterday and is in the best of  
health, having enjoyed her stay in  
the regions of snow.—Catlettsburg  
Press.

The posse that went in pursuit  
of the robbers of R. C. Minx's  
general store, at Salyersville, re-  
turned with four prisoners, Ed  
Rose, Fred Russell, Jim Blanton  
and S. France. A lot of the stolen  
goods was found in their posses-  
sion, it is alleged.

Henry Selga, steambot captain,  
was killed Thursday night, in  
Ironton, his face being beaten to a  
pulp and his head cut. O. S. R.  
Smith and Charles Soward, West  
Virginians, employed at the Sarah  
Farnace, were later arrested on  
suspicion, after a desperate strug-  
gle at their room.

The Court of Appeals, at Frank-  
fort Wednesday, affirmed the life  
sentence of Henry Howard, of El-  
bert county, for the murder of Lee  
Tolliver. The killing grew out of  
the Tolliver-Howard feud. Tolliv-  
er was ambushed on the road side  
January 22, 1902. Trucks in the  
snow led to Howard's house.

Much excitement was caused at  
Salyersville Monday night, when  
women attacked the wholesale  
liquor establishment of Howard &  
Nuckles, on Main street. They  
completely demolished the front  
windows and door with rocks. No  
one was in the establishment at the  
time. And Carrie Nation was not  
in Salyersville, either.

A Lexington man was in How-  
ling Green last week buying up all  
the surplus whiskey barrels. The  
Times-Journal says the barrels  
"will be recovered and sold in  
Eastern Kentucky, where they will  
be used for the mountain white  
whiskey. These barrels are al-  
ready charred and will give the  
whiskey the red color that is de-  
sired for it. They find a ready sale  
in the mountains."

Hon. A. C. Campbell, of Ashland,  
who was appointed Deputy Clerk  
and Commissioner of the United  
States Circuit Court at Catletts-  
burg by Judge A. M. J. Cochran,  
has resigned this position, his re-  
signation to take effect the first of  
January. We understand a Frank-  
fort man has been promised the  
place.

Mr. Campbell will from now on  
be interested in the real estate  
business in Ashland.

The Georgetown News tells of the  
financial prosperity of a well-  
known Kentuckian. In the last  
thirty days Mr. King Ford,  
formerly of this city, but now of  
Lexington, has made \$30,000 in  
buying some land in Knott county  
to Cincinnati capitalists. He has  
also another deal in which he will  
make \$21,000. After these two  
sales Mr. Ford will still have left  
\$40,000 acres. The greatly increased  
value of these lands has been  
brought about by the Government's  
determination to improve the Big  
Sandy river.

The Inter-State Ministerial  
Association, of the M. E. Church,  
South, was organized Tuesday at  
Catlettsburg with something near  
twenty ministers as members.  
The purpose of the Association is  
to thoroughly look after the inter-  
ests of the Methodist Episcopal  
Church, South, this section, and  
these ministers are beginning as  
if something is going to be  
done.

Rev. S. F. McInnis, D. D., was  
elected president; Rev. Mr. Craig,  
of Guyandotte, W. Va., 1st vice-  
president; Rev. Ernest Robinson,  
of Huntington, 2nd vice-president;  
Rev. J. T. French, of Ashland, se-  
cretary, and Rev. Goodpastor,  
of the Twentieth street Church, Hun-  
tington, treasurer.

A committee, composed of Rev.  
S. A. Donohoe, Rev. Z. Meek, D. D.,  
and Rev. W. L. Reid, was appoint-  
ed to arrange a program for the  
next meeting and appoint the min-

isters to take part. This Associa-  
tion meets monthly. The next  
meeting will be held in the First  
M. E. Church, South, in Ashland  
the first Thursday in December at  
10 a. m., the ministers to be enter-  
tained at dinner by the members  
of the church.

Invitations are out announcing  
the marriage on December 21 of  
Mr. Charley C. Hunyon, of Catletts-  
burg, and Miss Josephine Young,  
of Olive Hill. The bride-to-be is  
the eldest daughter of Mr. H. H.  
Young, a wealthy pioneer citizen.

Secretary Walter Draper, of the  
Zoo, Saturday received a letter  
from J. M. N. Downs, of Bucklan-  
non, W. Va., stating that he had  
shipped four rattlesnakes to the  
Zoo. The snakes were captured by  
"Devil" Anse Hatfield, leader of  
the famous Hatfield gang, and  
given to Downs with the sugges-  
tion that they be sent to the Cin-  
cinnati Zoo. The largest snake is  
three and a half feet long and has  
nine rattles. The others are near-  
ly as large.—Cincinnati Post.

Many a woman can trace her irritability to  
ill-fitting shoes. It is hard to be cheerful and  
happy when all the time there is a drag and  
weight upon the feet.

But there is one shoe for women that is dif-  
ferent from all other shoes in this single matter  
of fit. It is not made like a box or receptacle  
into which the foot is thrust. It is rather made  
on the plan of a bandage which is wrapped around  
the muscles of the foot by strengthen and sus-  
tain them.

That shoe is the "QUEEN QUALITY."

It is a shoe that strengthens the foot every  
day it is worn. It has made walking easier for  
thousands of women. It will do it for you.

The man on the stage who does the trick of escaping from firmly tied ropes, submits to the bonds with a smile. He knows he can get out of the ropes that are being knotted. But the same man in the woods and let Indian captors bind him to a tree for torture and he would struggle to the last against the bonds.

When the stomach is diseased there are bonds being woven every hour about the organs dependent on the stomach—heart, lungs, liver, kidneys, etc. The folly of mankind is to positively submit to the fastening of these bonds with no effort to escape until the pain they cause arouses fear.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys and other organs, when these diseases, as is often the case, have their origin in the diseased stomach.

"For a long time I was suffering and was hardly able to get about," writes Mr. Andrew J. Jennings of Yonkers, N. Y., "but I got well by using Dr. Pierce's Golden Medical Discovery. I feel like a new person."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from impurities.

### Luck In Thirteen.

By reading 13 miles Wm. Spirey, of Walton Furnace, N. Y., got a box of Bucklen's Arnica Salve, that wholly cured a horrible fever sore on his leg.

Nothing else could. Positively cures bruises, felons, ulcers, eruptions, boils, burns, corns and sores. Guaranteed only 25c at A. M. Hughes' drug store.

A few weeks ago a pretty little Parisian actress was appearing at a theater in Geneva. On the last night of the play a tall, well dressed man sat in his card and asked permission to thank her personally for the pleasure that her performances had given to him. He entertained her at supper and asked permission to see her off at the station on the following day. He arrived with his groom, who was carrying a tremendous bouquet of flowers.

He told her that he had telegraphed to his brother, who was in Paris and who had influence both with the press and the theatrical managers and that he would meet her on her arrival in Paris. To the astonishment of the actress all this turned out to be true, and she found a magnificent carriage at the station. A line dinner followed.

The girl was dumb with astonishment. Her host told her that it was all for the sake of his brother, whom he loved dearly, and he spoke pathetically of the beautiful bouquet that she carried and which was made up of flowers culled in the garden of the old homestead. She offered him the bouquet instantly, and he accepted it with a thousand thanks.

Now she has found out why she was treated so well. She had been the means of smuggling gold wire springs to the value of \$10,000 into Paris.

### The Eminent Kidney and Bladder Specialist.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root, the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in all cities and towns. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Elmhurst, N. Y., and mention this paper.

### OBITUARY.

Mrs. Della Paek, wife of G. W. Paek, passed quietly away Nov. 11th. She was born on Georges creek in 1834, was married November 12th, 1862 at the home grave yard. The funeral was conducted by Rev. M. W. Wey. She was a member of the United Baptist Church, and died in the triumph of a living faith. All that kind friends could do was of no avail, God willed she must come to him, she having fought the good fight and kept the faith. She praised God a short time before her death and called her children around her. Remember her, that in this world we will know our kind mother to more, and if you ever see her again you will have to repent and serve the Lord. Blessed are the dead that die in the Lord, they rest from their labor and their works do follow them.

It is such a bitter trial to part from our mother, the one who gave us our being, who cherished us in our weakness, and always our best friend after our God, but it is the way of all flesh.

God help us to look to Him for comfort and strength, and sustain grace in this our bitter trial, and help us to prepare for the great reunion in the sweet by and by, where there is no more sickness, death or separation, and in that far land where sin can never enter.

That mother of ours has gone over death's river. You promised to meet her as you knelt by her side. While the death sweat rolled down and dropped on her pillow. Her memory still speaks, although she is dead.

My father, brother and sister, be ready to meet her. The life you now live is ebbing away—But the life that is to come lasts forever and ever—May we meet never to part on the judgment day.

Asleep Amid Flames.

Breaking into a blazing home, some tremen lately dragged the sleeping inmates from death. Enveloped security, and death near. It's that way when you neglect Coughs and Colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all throat, chest and lung troubles. Keep it near and avoid suffering, death and doctor bills. A teaspoonful stops a late cough and persistent use the most stubborn. Harmless and nice tasting. It's guaranteed to satisfy by A. M. Hughes. Trial bottles free. Reg. 50c, 50c and \$1.

A Thanksgiving Dinner.

Heavy calling is usually the first cause of indigestion. Repeated attacks inflame the mucous membrane lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. ### OBITUARY.

The Angel of Death has again visited our community and taken from our midst one of earth's fairest jewels. Maude, the beautiful daughter of J. B. and Mary Millard, departed this life at 2 o'clock Sunday morning, Nov. 2nd, 1902. She leaves a father, mother, two sisters, a brother and a host of friends to mourn their loss. She was 18 years, 5 months and 25 days old.

She became a member of the Christian church nearly two years ago, and died in the triumph of a living faith. She began teaching school in July, but soon found her health declining. She gave up her school and took her bed the 9th day of August, and gradually became weaker. On Friday morning she called the members of her family around her and asked them if they thought she would recover. On being told her case was very doubtful, she said she was not afraid to die. That she was prepared and had been for two years.

She called her friends and relatives and talked to them of their future destiny. She exacted a promise from each of them to try to live a Christian life, and said to them, "you know you can if you will." She told her girl friends she had tried to be an example for them to follow, and hoped they would remember her last request.

She said she had prayed to do mission work, and if she could be the means of saving one soul, she would be amply saved.

She selected Revs. Wm. H. Cord, of Hazel Green, and J. D. Hays, of this community, to attend to the funeral services. Quite a large number of mourning friends and relatives followed the funeral procession to where the remains were interred, a short distance from her home.

LAUREL HILL.

We have just learned that Judge G. V. Saragoss, of Whitesboro, has announced himself as a candidate for Circuit Judge of this, the 21st Judicial District. It will be a source of pride to us all from this section to see him rich the public charity to victory, as he was born and reared in this neighborhood. People are for him regardless of their political affiliations.

It was here that he took the first glance into the limitless book of the law, which he has made a careful study for 32 years, and as this is to be a judicial fight, both Democrats and Republicans from this neighborhood feel it their duty as well as their pleasure to pick him up and carry him safely through this being his last and only chance, as old age is pressing on him.

Hulbert, the little 9-year-old son of W. M. Lyon, departed this life November 9th, after a short illness of diphtheria. Father and mother, don't weep for the little one, for he is now singing with the angels and is there waiting for you.

Louisa and Flora Saragoss visited at Jesse Rimes' recently.

Saunders Johnson preached an interesting sermon at Laurel Hill church Sunday.
